### Letter of Support for Paige Vanhulle

To Whom it May Concern:

It is my pleasure to write a letter of support/recommendation for Ms. Paige Vanhulle who currently a senior at Sultan High School and planning for her post-secondary education. I have observed Paige over the last several years while she was a student in Sultan Middle School and now Sultan High School. I know that she is a positive leader and driven student who has achieved at high levels in every class she has taken. Her current GPA is 3.90 and she is on pace to graduate in the top ten of our student body all while taking college in the high school and AP coursework. This year she serves as the ASB Treasurer for Sultan High School.

Paige is a highly involved and well-rounded student. Not only does she develop quality friendships with a variety of students, she is also engaged in community service and extra-curricular activities all while taking our most challenging and rigorous courses. Paige has volunteered at the Sultan Food Bank and served as a student volunteer at the Warm Beach Community Center for three years. She is the secretary of our HOSA program and assisted with a community blood typing event that was put on by the HOSA program. As part of our sports medicine program, she volunteered for 60+ hours on the sidelines at various sporting events.

Leadership is a characteristic that can also be used to describe Paige. She has been a team captain on the volleyball team and has participated in training called, "Where Everybody Belongs Leader." She is a member of National Honor Society and has served as student representative on high school administrator interview panels. As you can surmise, Paige's background and experience is vast and varied with no challenge being too much for her to manage.

For the above reasons and more, it is without reservation that I recommend Paige Vanhulle receive the fullest consideration for scholarships and/or acceptance to your institution. If you have any questions, please do not hesitate to contact me.

Sincerely,

Dan Chaplik, Superintendent

Sultan School District
