RE: Letter of Recommendation for Chloe Groeneveld

It is my pleasure to give this letter of recommendation for Chloe Groeneveld and her application for a Sultan Education Foundation Scholarship.

I have known Chloe for the past 10 years as a member of Bicycle Tree 4-H Club. She has been the club president, held the club reporter position for many years creating slide shows of the club events during the years, and is currently the club secretary. As her leader, I am impressed with her participation and willingness to help others. She is quick to encourage other club members to get involved and compliment them with a "job well done". Chloe also knows when it is best to step aside, encourage others to step up to the occasion, and encourage them to do so.

As a student at Sultan High School, Chloe has participated in FFA as an officer as well as participating in various competitions. She has been a W.E.B. leader in both middle school and high school helping new students become familiar and comfortable in school. Chloe has participated in the school band, plays the piano, and helps with her church VBS program.

Chloe has participated in volleyball for the past 8 years playing with the Boys and Girls Club as well as her school. She has received many awards and team captain opportunities. This year she has added golf to her sports line up.

Chloe's achievements and efforts have been rewarded with numerous awards in Fitting and Showing, Dairy Type, Judging, and Oral Reasons. She has received the top Bicycle Tree club honor with the Outstanding Member Award and last year won the Ethan Allen Dairy Showmanship Award. Chloe has also been the recipient of the Ellene Kearney Award at the Evergreen State Fair which is the top dairy cattle award one can receive at this fair.

Chloe's hard work, integrity, and true desire to be involved deserve to be encouraged and rewarded. These qualities allow me to recommend Chloe for a Sultan Education Foundation Scholarship.

Sincerely,

Cathy Boisseranc  
Bicycle Tree 4-H Club Leader
